ONLINE CULTURAL &  
GAMING EVENT

2021

*An Event Organised by  
Batch -'24, With the  
Help of Seniorrs*

## AJANTRIK 2K21

Amidst the tide of a global pandemic and lockdown since a year, the students of first year CGEC (2020-2024 batch) under the guidance of pep talks club admin and one of our most loved seniors MR. SOORAJ PRASAD (third year ece), decided to organize an intra college online event. The online event aimed at three things –

- 1) Eliminating the homesickness, students were facing.
- 2) Creating a platform to enhance interaction and sportsman spirit among all students of the college.
- 3) Creating an arena where students can show their talent and also earn mar points since normal college activities were curtailed.

Hence taking such factors into consideration the idea of Ajantrik the first ever online cultural and gaming event of CGEC was developed.

### RAMDHANU (THE OFFICIAL STUDENT ORGANIZING COMMITTEE OF AJANTRIK)

With the idea of Ajantrik there developed a need of an organizing committee for organizing such an intra college event. It was then Ramdhanu was formed, founded by all the 5 department crs' of first year. Then after getting the official approval from our respected Principal DR. PRABAL DEB sir, the event and Ramdhanu became officially recognized.

With DR. SAMIK NAG sir as our faculty coordinator of the event and addition of members of the department, the formation of the organizing committee was complete.

The committee is still in action, it will be recruiting new members, organizing more events and keep on assisting in various college activities in the future. Till now the major works of Ramdhanu has been Ajantrik and assisting in national 5 days webinar of the college where many esteemed professors enlightened the students with their glorifying knowledge.

## Message from One of Our HODs

### Dr. Sushovan Chatterjee (HOD, Dept. of ME)

Every year we encourage our students to organize a cultural programme in our institute, which turns out to be a great exhibition of their creative talents. Unfortunately, due to Covid-19 pandemic, this year we couldn't arrange the cultural programme in our institute campus, instead we were forced to organize the same virtually, i.e. via/through online platform (Google Meet).

The organization of the fest was shouldered by our First Year students, under their Student Organization, creatively named Ramdhanu (the Rainbow 🌈). In their endeavour, they received help, encouragement & guidance from our faculty members & senior students.

About 50 students took part in the programme which went on for a month. The young organizers & the enthusiastic participants left no stone unturned in making the programme a grand success. A great number of events were there, like recitation, poem writing, story writing etc. & at the end of each event participants who ranked 1st, 2nd & 3rd were awarded with certificates.

Under the able guidance of Dr. Samik Nag, faculty & the event Co-ordinator, the programme reached new heights of brilliance & creativity & was conducted peacefully.

Lastly, we want to reiterate that events such as this always encourage students to move beyond the daily monotony & allow them to spread their viewless wings of imagination which make the world brighter & more colourful and our college authority is always encouraging in such cases.
